

WYCC Screening and Early Detection Work Group | MINUTES

September 20, 2023 / 1:00-2:00 p.m. | Google Meets

Meeting called by Tanya Riekens
Note taker Tanya Riekens
Attendees: Kelly Morgan, Anna Allmond, Catherine Kouchakji, Kara Laughlin, Katie Reed, Kaylee Vandjelovic, Kelly Morgan, Kristal Crystal Skiles, Lynette Phillips, Mark Kelly, Robyn Curtis-Rice, Tanya Riekens, and Mark Kelly

Discussion

Review of Group goals and strategy:

Strategy 1:

EHR and making providers aware that if they don't use it correctly reports will not pull to show true data.
Sending out to provider assessment to determine specificity what are their barriers to screening patients.
Importance of reminder and set up reminders with in their EHR
Importance of collaboration between providers

Strategy 2:

We are still moving forward with the Discussion Guide and we'll start looking at deploying that when we do our outreach efforts

The tinkle talk the group loves and we are going to be moving forward to improve upon it. Anna with GI Assc Katie Reed and I are going to meet and determine what QR code to link the information to the group was thinking to the WCP. As far as how to distribute a couple of ideas were to take flyers to grocery stores, Theaters and having Public Health distribute to bars as they are restocking condoms in the bathrooms etc.

Strategy 3:

We continue to have WCP information with WBCI who is heavily supporting free screening mammograms.
We will continue to have information about WCP on most all leaflet and teaching information we have developed.

Strategy 4:

Now that we have received confirmation that Medicaid is now paying for Cologuard we are going to start looking for providers offices to start a program.
I'm looking at Laramie Reproductive to start the 1st project with, the new office manager is really wanting to improve the office and services it provides to patients.
Tanya will be working with LRH and Exact Science to work out details

WBCI:

October is breast Cancer Awareness Month.
October on the 7th, we have the University of Wyoming, pink game inviting all survivors and warriors with any type of cancer to come out and join WBCI.
Bras with the cause, so this is a fun one in Laramie. We're asking individuals to decorate bra's and the top 10 bras that are picked will be the ones to be auctioned off. And then the other remaining bras will be paired up with other baskets to be auctioned off as a silent auction.
On the 13th of October in Cheyenne we have drink for pink. It's a fundraiser.

I'd like to invite anyone that's in Cheyenne to join us on the 28th of September. We're doing a ribbon cutting. We're getting introduced as an organization into the Cheyenne Chamber of Commerce. We're having an open house called Wolf Anchor. 255 Story Boulevard and that's from four to five on the 28th of September.

Cologaurd

Is now approved for payment through Medicaid. Catherine is very excited that is now going to be available through WCP and PCP.

- Meeting adjourn
